

Subject: Nomination of in vitro dermal expert
Date: Wednesday, August 1, 2012 4:20:54 PM ET
From: Gail Arce
To: NIEHS NICEATM

Dear Dr. Stokes,

I have done several in vitro rat and human dermal studies with William Fasano, DuPont Haskell Laboratory. He has performed this test many times and conducted a large program for REACH. He is one of the best scientists involved with the in vitro dermal studies. I would like to nominate him to serve as an expert on your NICEATM panel. He has participated in many scientific panels evaluating this test system.

His e-mail address is [REDACTED]

Sincerely,
Gail Arce
